

**Alumni Profile**

**Alisa Reich – Master of Legal and Forensic Psychology Program**

**Career**

Please provide a brief overview of your career path since graduating from UCI.

*Since graduating from UCI, I have continued my career working for the university in business services. There are many benefits working for UCI, and I am fortunate that I was presented with the opportunity right out of college.*

What do you see yourself doing in five or ten years?

*Within five to ten years, I hope to be working and making a difference in law enforcement.*

**Your Time at UCI**

When did you attend UCI?

*2016-2018*

What program were you in?

*Master of Legal and Forensic Psychology*

Why did you choose to come to UCI?

*UCI has felt like my home since I first arrived in 2010. In that time, I have completed my undergraduate in Criminology, Law & Society, made it to the NCAA Division 1 Sweet 16 Tournament for Women's Soccer, started my first career position at UCI, and completed my graduate program in Legal and Forensic Psychology. I was immediately drawn to UCI because of the community of people here and how beautiful the campus was. I haven't wanted to leave since.*

**Reflections**

What is your most memorable moment/experience at UCI?

*It is difficult to pick just one moment or experience, but the feeling I felt after graduating with*

*the Legal and Forensic Psychology program was one of my happiest and proudest moments while at UCI. After two years of hard work and dedication, this moment made it all worth it! It was the best decision I have made thus far.*

### **Alumni Life**

What advice do you have for a new graduate student?

*The most important thing I learned, especially while balancing work and school, was to still have fun! After being stuck in a book all day, working out or seeing friends was the best form of stress release and allowed me to not get burnt out.*

What are your hobbies/passions outside of your work/research?

*Outside of work, I love to stay active with sports. I am an avid boxer, cyclist, and I always seem to find myself on an intermural sports team. I am also actively involved in my fraternity, Delta Gamma. I am passionate about volunteering for Delta Gamma's philanthropy, Service for Sight, and I enjoy mentoring the current women in the UCI chapter.*
