

	A	B	C	D	E
1	THIS LIST WAS COMPILED BY THE NATIONAL POSTDOC ASSOCIATION http://www.nationalpostdoc.org/general/custom.asp?page=International				
2	Organization or Foundation	Fellowship Opportunities	Website	Citizenship	Other Details
3	A-T Children's Project	A-T Postdoctoral Fellowship Award	www.atcp.org	No citizenship requirements	Basic and translational research grants related to ataxia-telangiectasia, Postdocs with one year experience or less post degree are eligible and must be nominated by their principal investigator.
4	AAUW International Fellowship	International fellowships for women around the world	http://www.aauw.org/	Non-US citizens	Awarded for full-time study or research to women who are not are not U.S. citizens or permanent residents.
5	American Association for Cancer Research	Variety of fellowships & grants	www.aacr.org	Citizenship requirements vary	Fellowships for basic research, clinical research, cancer epidemiology and translational research
6	American Cancer Society	Postdoctoral Fellowships in Mathematical Biology	www.cancer.org	US Citizen, permanent residents	Support the training fo researchers who have received a doctoral degree to provide initial funding leading to an independent career in cancer research (including basic, preclinical, clinical, cancer control, psychosocial, behavioral, epidemiology, health services and health policy research
7	American Diabetes Association	Postdoctoral Fellowships (PDF), Minority Postdoctoral Fellowships (PMF)	www.diabetes.org	Authorized to work in the US or its possessions	Fellowship for postdocs with less than 3 years experience
8	American Epilepsy Society	Postdoctoral Research Fellowship, Clinical Fellowship	www.aesnet.org	No citizenship requirements	M.D., Ph.D., Sc.D., PharmD, RN, or equivalent; research must be conducted in the U.S.
9	American Foundation for AIDS Research	Mathilde Krim Fellowships in Basic Biomedical Research for postdocs	http://www.amfar.org/	Citizenship not specified	Applicants must have a research or clinical doctorate and no more than four years of postdoctoral training at the time of LOI submission.
10	American Foundation for Aging Research	Glenn/AFAR Postdoctoral Fellowship Program for Translational Research on Aging	http://www.afar.org/research/funding/	No citizenship requirements	Postdoctoral scholars at all levels of training are eligible.
11	American Gastroenterological Association	Postdoc grants and others	http://www.gastro.org/	US Citizenship not required	Awarded to those that study gastrointestinal issues.
12	American Heart Association	AHA Founders and Affiliate Postdoctoral Fellowships	http://www.americanheart.org/	US citizens, PR, E-3, F1, H1-B, J-1, O-1, TN	Opportunities for funding are offered through the AHA National Center and its 7 affiliates. The National programs are available to eligible investigators and institutions across the US. The affiliate programs are limited to eligible investigators and institutions in their respective geographical areas.
13	American Institute for Cancer Research	Marilyn Gentry Fellowship Program in Nutrition and Cancer	http://www.aicr.org/research/	Information not provided	Individuals with an MD, PhD or DVM who are basic scientists and who have completed at least 2 years of postdoctoral work are eligible to apply.
14	American Italian Cancer Foundation	Postdoctoral Research Fellowship	http://www.americanitaliancancer.org/	Non-US citizens	Awarded to scientists who perform research in the fields of cancer biology and treatment in labs in the U.S. and Italy.
15	American Liver Foundation	Postdoctoral Research Fellowship Award and the Liver Scholar Award	http://www.liverfoundation.org/2016_research_awards/	Information not provided	Two separate award mechanisms. Fellowship is for 1 year at \$12,500 and can only be awarded within first two years of postdoc training and only to postdocs with another fellowship stipend. Scholar award is a career transition award, and provides \$225,000 in salary support over 3 years.
16	American Lung Association	Senior Reseach Training Fellowship	www.lungusa.org/finding-cures/grant-opportunities	US citizens, PR, H1-B, J-1, O-1,TC, TN	Applicant must hold a PhD and must work in an academic or not-for-profit institution. PhD applicants must be in their 1st or 2nd year of postdoctoral training at the time of application. Persons with medical degrees, whose credentials show that they are on a career track which will not include the practice of medicine, must be in their 1st or 2nd year of full-time postdoctoral research
17	American Mathematical Society	AMS Centennial Fellowships	http://www.ams.org/programs/ams-fellowships/centennial-fellow-emp-centfliver	Citizenship not specified	Award is for \$89,000 with \$8,900 provided in addition as a fellowship allowance.A recipient of the fellowship shall have held his or her doctoral degree for at least three years.

	A	B	C	D	E
18	American Philosophical Society	Daland Fellowships in Clinical Investigation; several other fellowships also available in diverse fields such as the humanities and astrobiology	http://www.amphilsoc.org/grants	No citizenship requirements	The fellowships are designed for qualified persons who have held an MD or MD/PhD degree for fewer than eight years, however, preference is usually given to candidates who have no more than two years of postdoctoral training and research.
19	American Physiological Society	Postdoctoral Awards and travel funds	http://www.the-aps.org/mm/Education/GraduateProfessional/Postdoctoral-AwardsFellowships	No citizenship requirements	Awards and funds up to \$1000
20	American Psychological Association	Awards, Fellowships, Prizes for Postdoctoral Fellows	www.apa.org	No citizenship requirements	Funding for students and young scientists (postdocs or junior faculty) in psychosocial topics including: applied research, behavioral and cognitive neuroscience, personality, psychometrics, mental ability, behavioral genetics, perception, motor performance, social psychology
21	American Speech Language Hearing Foundation	Clinical Research Grant, New Century Scholars Research Grant, New Investigators Research Grant	www.ashfoundations.org	Citizenship not specified	The investigator must have received a PhD or equivalent research doctorate within the discipline of communication sciences and disorders, investigator must have completed a PhD or equivalent research doctorate within the past five years
22	Argonne National Laboratory	Named and Director's Postdoctoral Fellowship Programs; Division Postdoctoral Fellowships	http://www.dep.anl.gov/postdocs/	No citizenship requirements	Argonne offers 3 Postdoctoral Fellowship Programs to outstanding PhD scientists and engineers who are early in their career. 1) Named Fellowships are awarded internationally on an annual basis to early-career doctoral scientists and engineers. 2) Candidates for the Director's Postdoctoral Fellowships are selected based on their research and academic accomplishments, and the strength of their research proposal. 3) Division Postdoctoral Fellows are selected based on their academic background and possible input to the research program as described in their proposal.
23	Austrian Programme for Advanced Research and Technology (APART)	Postdoctoral fellowships	http://stipendien.oeaw.ac.at/	Non-US citizens	Applicants should not be older than 35 years when applying, or doctoral studies completed no longer than 5 years before the deadline date.
24	AXA Research Fund	Postdoctoral fellowships	https://www.axa-research.org/	Non-US citizens	Twenty-five postdoc fellowships funded per year, each grant is a total of 130,000 euro for 2 years.
25	Banting Postdoctoral Fellowship	Postdoctoral fellowships	http://banting.fellowships-bourses.gc.ca/home-accueil-eng.html	Canadian Citizens, Permanent residents of Canada, and foreign citizens	Fellowships are \$70,000 per year, and are awarded for 2 years.
26	Brain and Behavior Research Foundation (Formally NARSAD)	NARSAD Young Investigator Grants	https://bbrfoundation.org/yi	No citizenship requirements	The NARSAD Young Investigator Grant provides support for the most promising young scientists conducting neurobiological research. Two-year awards up to \$70,000, or \$35,000 per year are provided to enable promising investigators to either extend research fellowship training or begin careers as independent research faculty. Basic and/or clinical investigators are supported, but research must be relevant to serious brain and behavior disorders such as schizophrenia, mood disorders, anxiety disorders or child and adolescent mental illnesses.
27	BrightFocus Foundation	Postdoctoral Fellowship Awards	http://www.brightfocus.org/grants/types-grants	Citizenship not specified	Postdoctoral fellowship awards are intended for young researchers in their final stages of mentored training. These awards fund projects in an established laboratory that will serve as the basis for the applicant's own independent research career.
28	Brookdale Foundation	Award revamped in 2007	http://www.brookdalefoundation.org/	No citizenship requirements	The foundation advances the fields of geriatrics and gerontology, and improving the lives of senior citizens.
29	Burroughs Wellcome Fund	Career Awards at the Scientific Interface	http://www.bwfund.org/	Open to US and Canadian citizens or permanent residents and US temporary residents.	BWF's Career Awards at the Scientific Interface (CASI) provide \$500,000 over 5 years to bridge advanced postdoctoral training and the first 3 years of faculty service. These awards are intended to foster the early career development of researchers who have transitioned or are transitioning from undergraduate and/or graduate work in the physical/mathematical/computational sciences or engineering into postdoctoral work in the biological sciences, and who are dedicated to pursuing a career in academic research.

	A	B	C	D	E
30	California HIV/AIDS Research Program	Research Training Awards	http://www.californiaaidsresearch.org/	Citizenship not specified	These awards are intended to support individuals with postdoctoral research projects in HIV/AIDS-related basic biomedical sciences and to foster mentoring activities by established HIV/AIDS researchers. The applicant's mentor must be affiliated with a non-profit research or academic institution in California.
31	Camille and Henry Dreyfus Foundation	Postdoctoral Program in Environmental Chemistry	http://www.dreyfus.org/awards/overview_and_programs.shtml	Citizenship not specified	Applications come from the Principal Investigator. The Postdoctoral Program in Environmental Chemistry is open to all academic and other not-for-profit organizations in the US. Applications are accepted from Principal Investigators who have well-established research efforts in environmental science or engineering. The postdoctoral fellow is usually not already identified nor in the Principal Investigator's lab at the time of application.
32	Canadian Institute of Health Research	Fellowship, Banting Postdoctoral Fellowship	www.cihr-irsc.ca	No citizenship requirements	Fellowships provide support for highly qualified applicants in all areas of health research at the post-PhD degree or post-health professional degree stages to add to their experiences by engaging in health research either in Canada or abroad. Applicant must hold or be completing a PhD or a regulated health professional degree, doctor degree obtained less than 3 years ago, Canadian citizens and permanent residents are eligible to hold their awards outside Canada; Applicants, who are neither Canadian citizens nor permanent residents of Canada, are eligible for awards to be held in Canada only.
33	Cancer Research Institute	CRI Irvington Postdoctoral Fellowships	http://www.cancerresearch.org/grants-programs/grants-fellowships	No citizenship restrictions	Applicants for the CRI Irvington Postdoctoral Fellowship Program must be working in areas directly related to cancer immunology. Applicants must have a doctoral degree by the date of award activation and must conduct their proposed research under a sponsor who holds a formal appointment at the host institution. Applicants with 5 or more years of relevant postdoctoral experience are not eligible. Only in exceptional circumstances will applicants who have already spent 3 or more years in a sponsor's laboratory by the start date of fellowship be considered. The fellowship can be performed in the United States or abroad, but must take place at a non-profit institution. Fellowships provide support to fund and train young immunologists and cancer immunologists at top universities and research centers around the world.
34	Children's Cancer Research Fund	Pediatric Hematology/Oncology/BMT Fellowships	http://www.childrenscancer.org/	No citizenship restrictions	Developing research aimed at understanding the underlying causes of childhood cancer and developing novel treatments. The pediatric hematology/oncology/BMT fellowships is open to applicants who have made significant research and clinical contributions to the treatment of childhood cancer and genetic illnesses.
35	Crohn's and Colitis Foundation of America	Research grants for innovative proposals for investigation of IBD, Crohn's disease, ulcerative colitis	www.cdfa.org	No citizenship restrictions	Research must be performed in the U.S., proposals are accepted and reviewed year-round.
36	Cystic Fibrosis Foundation	Postdoctoral fellowships	https://www.cff.org/	Citizenship requirements vary	Open to U.S. citizens, permanent residents and non-residents working in U.S.-based laboratories.
37	Damon Runyon Cancer Research Foundation	Damon Runyon Fellowship, Damon Runyon-Sohn Pediatric Cancer Fellowship Award	http://www.damonrunyon.org/	No citizenship restrictions	The proposed research must be conducted at a university, hospital or research institution. Candidates who are pursuing a degree or have already accepted a postdoctoral research fellowship award are not eligible. Must have completed MD, PhD, MD/PhD, DDS, DVM or its equivalent. Foreign candidates may apply to do their research only in the United States.
38	Davis Foundation Postdoctoral Fellowship Program in Eating Disorder Research	Postdoctoral Fellowships	http://www.hpdavis.org/	Citizenship not specified	Up to five three-year fellowships ranging from \$43,000 - \$63,000 per year, inclusive of a \$3,000 expense allowance will be awarded to fellows who have completed no more than three years of postdoctoral research training as of the funding start date. The awards will support postdoctoral fellows working in nonprofit academic or research institutions in the United States.
39	Department of Defense	Postdoctoral fellowships	http://www.defense.gov/	Citizenship requirements vary	

	A	B	C	D	E
40	Dermatology Foundation	Various fellowships	https://dermatologyfoundation.org	Citizenship not specified	Various fellowships available related to dermatology
41	DFG, German Research Foundation	Postdoctoral fellowships and others (such as early career)	http://www.dfg.de/en/research_funding/	Non-US citizens	In 2015, postdoctoral fellowships have increased to a basic monthly sum of 1,750 euros, and a monthly fixed allowance for direct project costs of 250 euros. This allows DFG researchers to conduct a research project outside of Germany.
42	de Duve Institute, Belgium	Postdoctoral training, Postdoctoral Fellowships	www.deduveinstitute.be	No citizenship restrictions	The de Duve Institute is a multidisciplinary biomedical research institute hosting several laboratories of the faculty of medicine of UCL (Universite catholique de Louvain), as well as the Brussels branch of the Ludwig Institute. The de Duve Institute awards 1-year fellowships, which are renewable once and candidates must hold a PhD or MD degree to be eligible.
43	Dystonia Medical Research Foundation	Young Investigators or qualified neurologists	https://www.dystonia-foundation.org/	Citizenship not specified	The DMRF supports research related to the causes, mechanisms, prevention and treatment of all dystonias. Awards are given to young investigators, or qualified neurologists (the Clinical Fellowship Training Program).
44	Earth Institute at Columbia University	Earth Institute Postdoctoral Fellowship	http://www.earth.columbia.edu/articles/view/55	Limited term J1 visas for non-US citizens	EI Fellows conduct research in one of the core disciplines represented within the Columbia University Earth Institute (i.e., social, earth, biological, engineering, and health sciences). Specific areas of research include food security, energy systems, climate change impacts, poverty reduction, disease, and environmental degradation. EI Fellows are appointed for 2 years and appointments typically begin September 1.
45	European Commission	Fellowships for students and postdocs	http://ec.europa.eu/index_en.htm	Non-US citizens	Horizon 2020 is a new EU funding program for research and innovation with a budget of 80 million euros. Funds research from various fields, enhances third world country participation, and integrates social sciences and humanities.
46	Educational Commission for Foreign Medical Graduates	Exchange Visitor Sponsorship Program (J-1 visa)	www.ecfm.org	Citizenship not specified	ECFMG is authorized by the U.S. Department of State to sponsor foreign national physicians for the J-1 Exchange Visitor visa for the purpose of participating in the U.S. programs of graduate medical education or training. ECFMG is responsible for ensuring that Exchange Visitors and their host institutions meet the federal requirements for participation in the Exchange Visitor Program.
47	EGL Charitable Foundation	Gruss Lipper Postdoctoral Fellowship Program	http://www.eqlcf.org/	Israeli citizenship with PhD/ MD qualification from an Israeli institution	Fellowship for postdoctoral research in the United States for Ph.D., M.D. or M.D./Ph.D. Must obtain a commitment from U.S. host institution before submitting an application, however, applicant must not have begun work at U.S. host prior to deadline of grant submission date.
48	Epilepsy Foundation	Postdoctoral Research Training Fellowship	http://www.epilepsyfoundation.org/	US citizenship not required	The Postdoctoral Research Fellowship Program supports the postdoctoral training of academic physicians and scientists committed to epilepsy research. Applications will be considered equally from individuals interested in acquiring experience either in basic laboratory research or in the conduct of human clinical studies. The Postdoctoral Fellowship Program offers 1 year of research support. Research must be conducted in the US.
49	European Molecular Biology Organization (EMBO)	EMBO Long-Term Fellowship, EMBO Short-Term Fellowship	www.embo.org	Citizenship not specified	Applicants who already hold a PhD degree at the time of application are eligible to apply only if they passed their PhD exam in the two years prior to the respective application deadline. Applicants must have at least one first author publication accepted in press or published in an international peer reviewed journal at the time of application. All applications must involve movement between countries. Applications for short term are accepted throughout the year.
50	European Organization for Research and Treatment of Cancer (EORTC)	Fellowships to study cancer clinical trials at the EORTC Data Center in Brussels	www.eortc.be	Citizenship not specified	The EORTC Fellowship program provides training in the methodology of clinical research for physicians and other professionals interested in cancer clinical research, and it is possible to complete a research project and/or PhD thesis based on data available in the EORTC databases. All research work is performed internationally and this approach promotes rapid diffusion of clinical trial results.

	A	B	C	D	E
51	European Science Foundation	Short visit and exchange grants	www.esf.org	Citizenship not specified	Disciplines: Medical Sciences, Physical and Engineering Sciences, and Life, Environmental and Earth Sciences; for scientists/researchers based at European universities/research institutes (in the broad sense) in ESF Member Organization countries or EMBO Member States
52	European Society for Immunodeficiencies (ESID)	Fellowships for ESID junior members	http://esid.org/	Non-US citizens	Fellowships (short-term and medium-term) awarded for physicians or scientists in training, pursuing a research project in the field of immunodeficiencies.
53	Foundation Fighting Blindness	Clinical/Research Fellowship	www.blindness.org	Citizenship not specified	For clinicians with a demonstrated interest in inherited orphan retinal degenerations, who possess an MD, DO, or recognized equivalent foreign degree by the time the fellowship starts and will be eligible for subspecialty board certification at the completion of their training program.
54	FRAXA - Fragile X Research Foundation	FRAXA Fellowship	http://www.fraxa.org/research/apply/	Information not provided	FRAXA aims to accelerate research aimed at finding a specific treatment for fragile X syndrome.
55	Fulbright Scholar Program	U.S. Scholar, visiting scholars	www.cies.org	Citizenship requirements vary	U.S. Scholar Programs: lecturing, research and seminar opportunities in 140 countries for U.S. faculty and professionals; Visiting Scholar Programs: for non-U.S. faculty and professionals; support teaching and research in a wide-variety of academic and professional fields.
56	Graduate Women International	Short term Fellowships and Grants	http://www.graduatewomen.org/what-we-do/grants-fellowships/	No citizenship requirements	PhD candidates only (no funding for Masters). Funding available for fellowships for 8-12 months of work or grants for a minimum of 2 months. Any branch of learning are eligible, but study must align with mission, aims and objectives of GWI. Fellowships are offered for 2nd and subsequent years of PhD program (1st year must be complete at time of application). Research program must include a component of study at a different country to which the applicant normally resides- check requirements closely for eligibility
57	Grass Foundation	Grass Fellowships at the Marine Biological Laboratory	http://www.grassfoundation.org/grass-fellowship-program	International Fellows must hold a valid visa (J-1, H-1B, F1 or F1-OPT) for the entire duration of the fellowship.	International Fellows (i.e., not US citizens or resident aliens) must hold a valid visa (J-1, H-1B, F1 or F1-OPT) for the entire duration of the fellowship.
58	Gruss Lipper Foundation Fellowship for Israeli Scientists	Postdoctoral fellowships	http://www.eqlcf.org/	Israeli citizens	Fellowship supports outstanding young Israeli scientists who have the opportunity to work in a biomedical research laboratory in the United States. Only one fellowship per host institution awarded annually.
59	Hearing Health Foundation	Emerging Research Grants (areas vary from year to year)	www.hearinghealthfoundation.org	No citizenship requirements	If the applicant is a post-doctoral fellow, it is expected that he or she be at the senior level. Further, the applicant must demonstrate in the application that he or she is on a pathway to independence. Specifically, the applicant should indicate how the proposed aims will help with his or her transition toward independence from the mentor's research program.
60	Helen Hay Whitney Foundation	Research Fellowships	http://www.hhwf.org/HTMLSrc/ResearchFellowships.html	Fellowships awarded to US citizens planning to work in laboratories either in the US, Canada, or abroad and also to foreign citizens for research in laboratories in the US only.	Candidates who hold, or are in the final stages of obtaining a PhD, MD, or equivalent degree and are seeking beginning postdoctoral training in basic biomedical research are eligible to apply. The Foundation accepts applications from candidates who have no more than 1 year of postdoctoral research experience at the time of the application deadline, and who have received a PhD (or DPhil or equivalent) degree no more than 2 years before the deadline.
61	Howard Hughes Medical Institute	Medical Fellowships, Early-career scientist, International programs	www.hhmi.org	No citizenship requirements	Promotion of human knowledge within the field of basic sciences and the effective application thereof for the benefit of humanity
62	Human Frontier Science Program	Cross-Disciplinary Fellowship and Long-Term Fellowship	http://www.hfsp.org/	No citizenship requirements	Long-Term Fellowships are for applicants with a PhD in a biological discipline to embark on a new project in a different field of the life sciences. Cross-Disciplinary Fellowships are for applicants with a PhD from outside the life sciences (eg physics, chemistry, mathematics, engineering, computer sciences) who had limited exposure to biology during their previous training.

	A	B	C	D	E
63	Infectious Diseases Society of America	Students, PhD, Postdoc funding	http://www.idsociety.org/Index.aspx	Variable, depending on the funding category	American Society for Microbiology Student Fellowships Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. - See more at: http://www.idsociety.org/Research_Funding_Opportunities_for_Students/#sthash.Cq8z.dpuf
64	International Agency for Research on Cancer	Postdoctoral Fellowships	www.iarc.fr	No citizenship requirements	Coordinate and conduct both epidemiological and laboratory research into the causes and prevention of cancer. Disciplines covered are: epidemiology (including genetic and molecular), biostatistics, bioinformatics, and areas related to mechanisms of carcinogenesis including molecular and cell biology, molecular genetics, epigenetics, and molecular pathology. There is an emphasis on interdisciplinary projects. IARC is particularly keen to develop expertise in cancer research in low- and medium-resource countries by training postdoctoral researchers from these countries who can then return and apply their new skills and expertise.
65	International Rett Syndrome Foundation	Translational and Basic Research Grants, Mentored Trainee Fellowships	https://www.rett syndrome.org/	Variable	Rettsyndrome.org accepts qualified, scientific proposals from academic institutions, existing, private, early-stage pharmaceutical and biotechnology industries (if a clear need for non-profit funding to support the project is demonstrated and justified) and other non-profit organizations worldwide. Investigators with "Research Associate" as their title are eligible to apply for mentored training fellowships only. Exceptions may be considered on a case by case basis.
66	International Brain Research Organization	John G Nicholls and Rita Levi-Montalcini Fellowships, travel grant (SFN annual meeting)	www.ibro.info	No citizenship requirements	Support postdoctoral training to applicants under the age of 45 for up to one year abroad in good laboratories; applicants from US/Canada region will not be considered, however, research fellowships at universities and research institutions within the U.S. and Canada do have the possibility of being funded
67	James S. McDonnell Foundation	Postdoctoral fellowship award	www.jsmf.org	Citizenship not specified	Funding research in brain cancer and cognitive neuroscience. The foundation encourages applications from early career scientists. Duration: Expended in no less than 2 and no more than 3 years. Eligibility: Ph.D. students within 18 months of anticipated completion of graduate training.
68	Jane Coffins Childs Memorial Fund for Medical Research	Fellowship Awards	http://www.iccfund.org/fellowship-information	No citizenship requirements	Applicants in general should not have more than 1 year of postdoctoral experience. Applicants must hold the PhD in the field in which you propose to study or furnish evidence of equivalent training and experience. The appointment will be for 3 years. Applicants who, at the time of initiation of the fellowship, will have completed 1 year in a position as postdoctoral fellow or equivalent will usually be awarded a maximum of 2 years of fellowship support. Only under exceptional circumstances will an award be made to an individual who has had 2 years or more of postdoctoral research experience.
69	Japanese Science and Technology Program	Multiple, early investigator applicable: (PRESTO) Promoting Individual Research to Nurture the Seeds of Future Innovation	http://www.ist.go.jp/EN/operations/operation_a.html	Citizenship not specified	Basic Research Programs in line with strategic goals of the funding body.
70	Japan Society for the Promotion of Science	Grant-in-Aid for JSPS Fellows, Grant-in-Aid for Young Scientists	www.jsps.go.jp/english/index.html	No citizenship requirements	Grants-in-Aid for Scientific Research are competitive funds that are intended to significantly develop all scientific research (research based on the free ideas of the researcher), from basic to applied research in all fields, ranging from the humanities and the social sciences to the natural sciences. The grants provide financial support for creative and pioneering research projects that will become the foundation of social development. The research projects are selected using a peer-review screening process.
71	Juvenile Diabetes Research Foundation	Postdoctoral Fellowship and Advanced Postdoctoral Fellowship	www.jdrf.org	No citizenship requirements	Postdoctoral Fellowships are intended for those in a relatively early state in their career entering the T1D research field. Advanced Postdoctoral Fellows receive assistance in transitioning from a full-time research training fellowship to an independent (faculty-level) position.

	A	B	C	D	E
72	Lalor Foundation Inc.	Postdoctoral Basic Research Fellowship	http://www.lalorfound.org/	No citizenship requirements	The Lalor Foundation supports early-career researchers in the field of mammalian reproductive biology as related to the regulation of fertility. The individual nominated by the applicant institution for the postdoctoral fellowship should hold a PhD, MD, or equivalent, and should not have a faculty appointment (i.e., instructor, lecturer or higher). Potential fellows should not have held the PhD more than 2 years.
73	Leukemia and Lymphoma Society	Special Fellow and Fellow	http://www.lls.org/#/researchershealthcareprofessionals/academicgrants/	No citizenship requirements	The Leukemia & Lymphoma Society Career Development Program offers fellowships in basic, clinical or translational research to help understand and treat hematologic malignancies and relevant premalignant conditions.
74	Life Sciences Research Foundation	Postdoctoral Fellowship Program	http://www.lsrif.org/	Non-US citizens must work in a US laboratory to be eligible for an LSRF fellowship.	Every year LSRF identifies the top 5% of applicants from an international pool of more than 1000 postdoctoral applicants. Once chosen, the LSRF collaborates with current and potential sponsors to match them with fellows with similar research interests. Individuals who have held a PhD or MD degree for more than 5 years at the time of application are not eligible for an LSRF fellowship.
75	Los Alamos National Laboratory	Postdoctoral Research Associate; Postdoctoral Fellowship; Distinguished Fellowship	http://www.lanl.gov/careers/career_options/postdoctoral-research/postdoc-program/postdoc-appointment-types.php	No citizenship requirements	To be considered for a postdoctoral appointment, a candidate must be nominated and sponsored by a member of the Laboratory's technical staff.
76	Lymphoma Research Foundation	Postdoctoral Fellowship	http://www.lymphoma.org/	US Citizenship not required	The LRF Postdoctoral Fellowship Grant supports investigators at the level of advanced fellow, postdoctoral researcher, or junior faculty member in laboratory or clinic based research with results and conclusions that must be clearly relevant to the treatment, diagnosis or prevention of Hodgkin and/or non-Hodgkin lymphoma. Applicants must have completed 2 years of their fellowship or postdoctoral work, or not more than 2 years as a junior faculty instructor or assistant professor at the start of the award period.
77	Martin Escudero Fellowship	Research training grants	http://www.fundame.org/en/	Citizenship not specified	Research at foreign study centres
78	Max Kade Foundation	Grants to educational institutions toward support of postdoctoral research exchange programs	maxkadefoundation.org	Citizenship not specified	These grants offer assistance to American Universities and qualified research institutions for postdoctoral exchange research projects. The participating universities determine the training and research, and select the research scholars. Visiting scholars from Germany and Austria are nominated by their home institutions and are screened and processed by their respective Academy of Sciences. The Foundation supports initiatives which promote international understanding by sponsoring exchange programs between Germany, Austria, and the United States such as postdoctoral research exchange programs both here and abroad. By law the Foundation does not approve any grant proposals from individuals directly.
79	Muscular Dystrophy Association	Development grant	www.mda.org	Citizenship not specified	Aimed at muscular dystrophies and related diseases of the neuromuscular system, no more than 60 months from receiving most recent advanced degree, require a minimum of eighteen months of post-degree research laboratory training at the time of application, duration 1-3 years.
80	Myasthenia Gravis Foundation of America	Various fellowships	http://www.myasthenia.org/	No citizenship restrictions	Various fellowships available related to myasthenia gravis, including a high impact pilot project on myasthenia gravis and neuromuscular junction disorders.
81	National Ataxia Foundation	Postdoctoral fellowships and others	https://www.ataxia.org/index.aspx	No citizenship restrictions	Letter of intent required prior to submitting grant application. Postdoctoral fellowships are one-year grants up to \$35,000. Applicants should have completed at least one year of post-doctoral training, but not more than two at the time of application, and should have shown a commitment to research in the field of ataxia.

	A	B	C	D	E
82	National Hemophilia Foundation	Judith Graham Pool Postdoctoral Research Fellowship; NHF/Novo Nordisk Career Development Award	http://www.hemophilia.org/Researchers-Healthcare-Providers/Research-Grant-Programs	US Citizenship not required	Candidates for the Judith Graham Pool Postdoctoral Research Fellowship must have completed doctoral training and apply from a doctoral, postdoctoral, internship or residency training program. Individuals with more than 6 postdoctoral years of experience are not encouraged to apply. NHF/Novo Nordisk Career Development Award candidates must hold an MD, PhD, or equivalent degree, with no more than 6 postdoctoral years of experience.
83	NIH Fogarty International Center Postdoctoral Non-NIH Funding Opportunities	Directory of postdoctoral Non-NIH funding opportunities	http://www.fic.nih.gov/Funding/NonNIH/Pages/postdoctoral.aspx	Requirements vary based on funding opportunity.	Includes a variety of international grants and fellowships in biomedical and behavioral research, with the goal of providing information about additional funding opportunities available to those in the field of global health research. The directory is maintained by the Fogarty International Center, the international component of the US National Institutes of Health (NIH).
84	National Kidney Foundation	Grants for junior faculty	https://www.kidney.org/	No citizenship restrictions	Applications must be full-time faculty, who have completed training in nephrology prior to the start of the grant and who intend to pursue research directly related to these areas. The fellowship is for 1 year and should not exceed \$40,000.
85	National Institutes of Health (NIH)	Pathway to Independence Award (K99-R00)	http://grants1.nih.gov/grants/guide/contracts/parent_K99_R00.html	No citizenship requirements	The Pathway to Independence Award program provides 2 forms of support from a single NIH award: an initial mentored research phase (K99 phase), followed by the scientist's first independent research support (R00 phase). Applicant must be within 4 years of earning terminal degree (e.g. PhD)
86	National Institute for Mathematical and Biological Synthesis	Postdoctoral Fellowships in Mathematical Biology	http://www.nimbios.org/postdocs/	No citizenship requirements	NIMBioS provides postdoctoral fellowships at the interface between mathematics and biological science. Postdoctoral Fellowships are for 2 years (assuming satisfactory progress toward research goals in year 1).
87	National Multiple Sclerosis Society	Postdoctoral Fellowship	http://www.nationalmssociety.org/For-Professionals/Researchers/Society-Funding/Training-Grants-and-Fellowships/Postdoctoral-Fellowships	US Citizenship not required	The Society supports the training of postdoctoral fellows in studies related to MS when it appears that the trainee will perform meaningful and independent research relevant to MS in the future. The Society supports fundamental as well as applied studies, non-clinical or clinical in nature, including projects in patient management, care and rehabilitation. Applicants with 0-36 months of previous postdoctoral training may apply for this award.
88	National Research Foundation (South Africa)	Multiple opportunities, check website for more information	http://www.nrf.ac.za/bursaries/calls	Various, South African and abroad	Numerous funding opportunities available, for different stages and at different locations (national and abroad). Check website for further information
89	National Science Foundation	Postdoctoral Research Fellowships	www.nsf.gov	US citizen, permanent resident	NSF Fellows are expected to contribute significantly to research, teaching, and industrial applications in science, mathematics, and engineering.
90	Netherlands Organisation for Scientific Research - Rubicon Program	Innovational Research Incentives Scheme Veni	http://www.nwo.nl/en/funding/our-funding-instruments	No citizenship requirements	For funding in the Netherlands, international applicants can apply. Applicants must have completed their PhD within the last 3 years
91	Oak Ridge National Laboratory	Distinguished Fellowship; Lab-Wide Fellowship; Discipline-Specific Fellowship; Postdoctoral Research Associate	http://www.ornl.gov/ornl/careers/postdocs	All applicants must be legally authorized to work in the US	NIMBioS provides postdoctoral fellowships at the interface between mathematics and biological science. Postdoctoral fellowships are for 2 years, assuming satisfactory progress toward research goals in year 1.
92	Osteogenesis Imperfecta Foundation	Michael Geisman Fellowship	http://www.oif.org/site/PageServer?pageName=RS_GrantApp	Information not provided	A qualified applicant must hold an MD, DDS, DO, or PhD, and be appointed at the level of a post-doctoral trainee, or equivalent, within an academic institution. An applicant should have completed their Ph.D. or their clinical training within the past five years. Fellowship awards provide up to \$50,000 per year, which can be used for salary, fringe benefits, and supplies.

93	Pacific Northwest National Laboratory	Linus Pauling Distinguished Postdoctoral Fellowship Program; William Wiley Postdoctoral Fellowship; Visiting Scientist	http://postdoc.pnnl.gov/	All staff at the Pacific Northwest National Laboratory must be able to demonstrate the legal right to work in the US.	Postdoctoral research associates play a vital role in completing the ongoing research objectives for projects across the Laboratory. Each of the 4 research directorates has a sizable postdoctoral researcher contingent collaborating on its projects.
94	Paralyzed Veterans of America	Postdoctoral Fellowship	http://www.pva.org/site/c.ajlRK9NJLcJ2E/b.6305827/k.CF2A/Paralyzed_Veterans_of_America_Research_Foundation.htm	Eligible grantee institutions must be located in the US or Canada. However, investigators and fellows are not required to be US or Canadian citizens.	Postdocs are eligible to apply for fellowship support within 4 years of receiving the PhD.
95	Parkinson's Disease Foundation	Postdoctoral Fellowships for Basic Scientists; Several others as well	http://www.pdf.org/en/grant_funding_fellow	No citizenship requirements	The applicant must be within five years of receiving his or her Ph.D. at the time the award starts (Monday, June 1), and must identify an individual who will serve as his or her mentor and supervisor of the research.
96	Pew Latin American Fellows Program in the Biomedical Sciences	Pew Latin American Fellows Program for postdoctoral studies in the U.S.	http://www.pewtrusts.org/en	Citizenship not specified - provides postdoctoral opportunities in the US for young scientists from Latin America	Funding available for researchers who were awarded their PhD no longer than 5 years at time of application. Preference given to applicants who received degrees from institutions within Latin America (although exceptions). Applicants may not have had previous postdoctoral experience in the U.S. longer than 18 months prior to grant
97	Polycystic Kidney Disease Foundation	Postdoctoral Research Fellowships	http://www.pkdcure.org/research/fellowships	Citizenship not specified	The fellowships recognize early-career scientists whose achievements and potential identify them as rising stars – the next generation of scientific leaders in PKD research. Each fellow receives \$50,000 a year for two years, totaling a half-million dollars.
98	Prevent Cancer Foundation	Postdoctoral Fellowships	http://preventcancer.org/what-we-do/research/application-information/	US Citizenship not required	Awards are limited to postdoctoral level applicants ONLY. Therefore, only graduate students who will have their doctoral degree before the project start date are eligible to apply. <input type="checkbox"/> Postdoctoral researchers from non-profit institutions (including academic institutions) are eligible to apply. Researchers from for-profit institutions will not be considered. Fellowship proposals will be considered in the following categories: <input type="checkbox"/> Basic, clinical, translational and population-based research projects <input type="checkbox"/> Education programs in cancer prevention <input type="checkbox"/> Early detection projects <input type="checkbox"/> Behavioral intervention projects
99	Ramon Areces Foundation	Scholarship programs to enable Spanish post-graduate students to study at some of the world's leading research centres.	http://www.fundacionareces.es/fundacionareces/portal.do?IDM=23&NM=1	Spanish students only	Scholarships for the following disciplines: Life and Earth Sciences, Social Sciences, and Humanities
100	Sandia National Laboratory	Truman Fellowship; John Von Neumann Research Fellowship in Computational Science; Postdoctoral Appointee	http://www.sandia.gov/careers/students_postdocs/postdocs.html	No citizenship requirements	Must have completed doctoral degree within the last 3 years.
101	SciVal Funding	Directory of funding opportunities	http://www.funding.scival.com/	Requirements vary based on funding opportunity.	SciVal Funding comprehensively covers grants from Australia, Canada, the European Commission, India, Ireland, New Zealand, Singapore, South Africa, the United Kingdom, and the United States.
102	Sigma Delta Epsilon Graduate Women in Science	SDE fellowship	www.gwis.org	No citizenship requirements	Active SDE/GWIS membership is encouraged at the time of and throughout the duration of funding, for women holding a degree from a recognized institution of higher learning, of outstanding ability and promise in research, who are performing research at any institutions in the U.S. or abroad. Duration 1 year.
103	Simons Foundation	Simons Collaboration on the Origins of Life 2015 Postdoctoral Fellowships	http://www.simonsfoundation.org/funding-opportunities/	No citizenship requirements	Candidates should have received the PhD or equivalent within 5 years of the fellowship's start date. Applications may be submitted from scientists in domestic and foreign nonprofit organizations; public and private institutions, such as colleges, universities, hospitals, laboratories and units of state and local government; and eligible agencies of the federal government. Appointments will be for 1 year initially, with opportunity for renewal for up to 2 additional years.

104	Susan G. Komen Breast Cancer Research Foundation	Postdoctoral Fellowship Grants	http://www5.komen.org/ResearchGrants/FundingOpportunities.html	No citizenship requirements	PDF Grants support promising scientists embarking on careers dedicated to breast cancer research who have no more than 5 years post-completion of their most recent PhD. Applicant/PI (Fellow) must have a doctoral degree, including MD, PhD, DrPH, DO, or equivalent by the date of Full Application. See website for more information.
105	Sweden-America Foundation	Fellowships for Graduate, Postgraduate and Post Doc Studies in the United States and Canada	http://sweamfo.se/in-english/	Swedish Citizens only	Every year, the Sweden-America Foundation awards approximately 40 fellowships for Graduate, Postgraduate and Post Doc Studies in the United States and Canada
106	Swedish Research Council	Research Grants for doctorate degree holders only	http://www.vr.se/inenglish/4.12fff4451215cbd83e4800015152.html	Variable, but PhD is essential	No age limit. However, the project leader for a funded grant must be employed by the administrating organisation (usually a Swedish university or HEI) when the grant period begins, unless the Swedish Research Council and the administrative entity, and any other employer agree otherwise. You do not have to be employed at the time you submit your application. You are normally expected to have an employment of at least 20 percent of a full-time position.
107	Swedish Society for Medical Research	Research Fellowships for MDs	http://www.ssmf.se/in-english	Members of the society only	Membership is open to those who: (a) have graduated in medicine in a Nordic country, (b) have graduated in medicine elsewhere and are licensed to practise in Sweden, (c) hold a doctorate at a medical faculty in Sweden, and (d) study at a faculty of medicine (student members)
108	Swiss National Science Foundation	Early Postdoc Mobility Fellowship; Advanced Postdoc Mobility Fellowship	http://www.snf.ch/en/Pages/default.aspx	Swiss nationality, holder of valid Swiss permanent residence, residence or cross-border commuter permit, married to a Swiss national or co-habiting with a Swiss national in a registered partnership. At least 3 years of research activity at a Swiss research institution for persons with foreign nationality.	Postdoc Mobility Fellowships are designed for Swiss postdocs who wish to enhance their scientific profile by working at a research institution abroad. In addition to the fellowship, applicants can request a grant for a research period upon returning to Switzerland.
109	The Helen Hay Whitney Foundation	Research Fellowships	www.htwf.org	No citizenship requirements	Supporting postdoctoral research training in all of the basic biomedical sciences, no more than 1 year of postdoctoral training. Fellowships may be awarded to U.S. citizens planning to work in laboratories either in the U.S., Canada, or abroad and also to foreign citizens for research in laboratories in the U.S. only
110	The Jackson Laboratory	JAX postdoctoral scholar	www.jax.org	Citizenship not specified	JAX Scholars is a selective award addressing the national need for research scientists who are accomplished in the broadly defined fields of genetics and genomics. Up to three scholars will be awarded, each for an initial two-year term. Nominees should hold recent (or are expecting) Ph.D., M.D. or M.D./Ph.D. degrees.
111	The Lawrence Ellis Foundation	Variety of award mechanisms	www.ellisonfoundation.org	Citizenship not specified	The Lawrence Ellison Foundation supports basic biomedical research on aging relevant to understanding lifespan development processes and age-related diseases and disabilities.
112	Thrasher Research Fund	Postdoctoral Fellowship/ Early Career Award	https://www.thrasherresearch.org	No citizenship requirements	Early career awards given to post-doctoral researchers who received the doctoral level degree no more than three years prior to the date of submission of the Concept Paper. This is a two-year award and the maximum award amount is \$26,750.
113	Tourette Syndrome Association	Postdoctoral Fellowships/Research Grant Awards	http://tourette.org/	No citizenship requirements	Applicants should read Considerations for Writing Clinical Treatment Studies Proposals. Postdoctoral training fellowships are up to \$40,000 for one year.

	A	B	C	D	E
114	Tuberous Sclerosis Alliance	Postdoctoral Fellowship	http://www.tsalliance.org/	No citizenship requirements	Postdoctoral fellowship awards are designed to provide funding for an individual who has recently earned a PhD or MD degree and is working with a Sponsor to do research relevant to the TS Alliance. The Sponsor must be tenure-track faculty or an equivalent level at a research institution or company.
115	University of California Tobacco-Related Disease Research Program	Postdoctoral Fellowship	http://www.trdrp.org/funding-opportunities/	No citizenship requirements	Investigators from California not-for-profit organizations are eligible for TRDRP funding, including but not limited to colleges, universities, hospitals, laboratories, research institutions, local health departments, and other tobacco control groups. Though the research undertaken with TRDRP funds must be conducted primarily in California, part of the work may be done outside California if the need to do so is well-justified, and the results of such work may be applied to understanding the causes and/or improving the prevention and treatment of tobacco-related diseases in California.
116	Worldwide Cancer Research	Research Fellowships	http://www.worldwidecancerresearch.org/	Citizenship not specified	Applicants should read What to consider before applying. The awards are given to fund research on fundamental and translational cancer research. Will not fund clinical research or support other types of applied cancer research.
