PostDoc Weekly Post | April 12, 2017

Strategies to Overcome "Imposter Syndrome"-Sponsored by the UCI Postdoc Association (PDA) and Graduate Division

Today! Wednesday, April 12, 2017 5:30-7:00pm at the Graduate Resource Center- 3rd floor of Gateway Study Ctr ([campus map](#)). Pizza provided. If you can't attend today, another session will be held Tuesday, April 18 12:30-1:30pm.

Join in the discussion lead by Dr. Phong Luong on when and why "imposter" feelings occur. You can learn techniques to overcome self-doubt, feel confident in your abilities, and focus on exploration and productivity in the field that you have chosen to study. [Flyer](#) attached.

UCI libraries provide resources- are they for you?

Be sure to consider how the UCI libraries can facilitate your research and save you time!

I would like to determine if creating a short workshop series would be beneficial for postdocs. If you have particular needs, [please fill out this simple form](#). Of course, contacting your subject librarian directly is always an option for you.

Specific links to library services are on our Postdoctoral Scholar- [UCI Libraries Resources webpage](#). A few are listed below:

[Antpac](#)- All materials appear in the Antpac Catalog

[Subject Librarians](#)- Every academic unit has a subject librarian

[Databases to Get You Started](#): All Subjects

[Research Guides](#)- Librarian curated resources to meet your research needs

[Scholarly Communication](#)- Learn about Open Access, Copyright & Fair Use, and Research Impact

[Digital Scholarship Services](#)- DSS works with the campus community to publish, promote and preserve the digital products of research

[Data Management and Curation](#)- Tools that help researchers comply with funders' mandates and how to manage data

Remember, librarians can help you (or provide tools) to:

Review research topics

Select resources to locate background information
Identify gaps in the literature
Assist with literature searches
Access and obtain full-text articles and other published research
Manage databases
Present data
Use bibliographic management software
